

Dear parent and student,

Today we had an assembly that introduced Service Teams to students in Grades 4-8. These Leadership Teams are a part of a school community-building initiative that we are continuing this school year.

Each team was briefly introduced during the assembly. Each classroom teacher then later reviewed the application process and will review the interview process later this week with their classes. Each student is invited to apply for a maximum of 4 of the Leadership Teams. An application sheet should be filled out for each Leadership Team selected.

This package of application forms is **due** to be handed to the classroom teacher on **Friday, September the 6<sup>th</sup>**.

Interviews for the teams will occur during school time on the afternoon of **Tuesday, September the 17<sup>th</sup>**.

Below you will find the list of all the Service Teams for this year. Of these, your child has selected up to four, for which to apply. Please refer to our school website for a more detailed description of each Service Team.
