

Principal's Corner: "In the beginning... God created. And God said..." And what follows in Genesis 1 & 2 is God speaking all kinds of things into being. Each time God saw that it was good and very good. Because the creation story ends after Genesis 1 & 2, we assume that God stopped creating. But as we read through the rest of the Old Testament we see that God continued to create; people who faithfully followed Him, kings and judges and prophets to lead His people. The New Testament begins with the Word becoming flesh, and we read about the coming of the Saviour. Then God speaks into reality the church, and apostles and gospel writers. And it doesn't end there because God continued speaking people and events into being that have shaped the course of history. From that perspective, I truly believe that God spoke into the hearts and minds of a group of people in 1953 which resulted in the opening of Calvin Christian School in 1962. This became Clinton and District Christian School, and we now know it as Huron Christian School. What started with "In the beginning..." continues today;

God's voice of authority and power speaking into being new things and events. He continues to create and Huron Christian School is part of that; a testimony to His grace and goodness. My prayer is that God looks at us and says, "It is very good".

Thank You! Every once in a while we receive a gift from unexpected places and this happened again this week. Our Robotics Club was working with some of our old laptops and soon realized that they would not work to the capacity that we needed them. Not having a budget to replace the laptops, 5 laptops were brought to Healthy Computers in Wingham to find out the cost to get them working better for the Robotics Club. A price was agreed upon and the work was completed. When it came time to pick them up we were told that the total cost was donated by Healthy Computers! So the next time you are in Wingham, please take a moment and stop in and thank them for this unexpected gift.
